CenterPoint at volumes and pressures that accommodate most industrial users. Service to CenterPoint East is provided by 8-inch and 8-inch diameter facilities operating at intermediate pressure along the park's roadways.

UGI Utilities, Inc. distributes natural gas to approximately 575,000 customers and provides electric service to 62,000 customers in eastern, northeastern and central Pennsylvania.

Electric service is provided through primary and secondary distribution facilities located in an overhead system, which connects to an existing underground duct bank and overhead system located in CenterPoint East.

Electric service is provided through primary and secondary distribution facilities located in an overhead system, which connects to an existing underground duct bank and overhead system located in CenterPoint East.

CenterPoint West, PPL maintains existing 12 KV, 3-pole distribution lines adjacent to the park. Overhead utility poles have been installed along Enterprise Way to service the park. PPL is able to upgrade its facilities serving West to provide service to a client in excess of 1,000,000 KWH per month.

PPL Electric Utilities, a subsidiary of PPL Corporation, provides electric utility services to about 1.4 million customers in Pennsylvania and has consistently ranked among the best companies for customer service in the United States.
